15 - 27 JULY

Next year, we return to the top of the World! After the 2017 expedition, we challenge body and mind again, and we head to the highest motorable road in the world, to conquer the Khardung La! The plan is simple: 12 days of pure fun, riding a Royal Enfield through the mythical Himalayan roads. More than a Tour, this is a true expedition. The route, carefully planned by our experienced team, will transform this ride in an experience of a life time!

## PROGRAM

Our journey to Nako will be a fabulous way to recover the energy spent on the previous day. The first part of the route it's dedicated to the visas, needed to proceed with our trip. After that, it's a fun off-road ride till Nako, with its beautiful lake.
